Project Goals

- Create an aquaponics based skills development center and demonstration farm
- Increase the awareness and technical skills related to aquaponics as a farming method
- Build a commercially viable local distribution network for produce through aquaponics farming

Target Impact

Increased and expanded skills base in the community

Reduced produce cost while achieving a greater variety of produce options available

Increased employment and minimum wage in the community

45%

Unemployment rate in Mariental as of 2018

80%

Higher cost for produce in Mariental compared to Windhoek

27%

Mariental enrolment rate post primary school level

N\$1565

Average Namibian monthly minimum wage

About Impact Tank

- We are Namibia's first venture builder, founded in 2020
- Our projects focus on 3 thematic areas: Human Capital, The Green Economy and Food Security
- We aim to impact the lives of thousands of Namibians and inspire further action by the market
