

LAB OF TOMORROW

INTRODUCTION

Impact Tank's initiative, Lab of Tomorrow (LoT), presents a pioneering approach to engaging the private sector in addressing the Sustainable Development Goals (SDGs). By providing development organizations with a structured process and proven tools, LoT catalyzes innovative business ventures tailored to tackle local SDG challenges. This manual encapsulates the extensive experience of GIZ's LoT project team, offering comprehensive guidelines and materials to empower organizations in conducting LoT processes independently.

TARGET IMPACTS

- ✓ The primary objective of Impact Tank's Lab of Tomorrow initiative is to drive tangible progress towards the SDGs by fostering the creation of innovative business ventures. Through collaborative efforts and tailored solutions, LoT aims to deliver lasting impact on local communities and environments. By leveraging the power of the private sector, LoT endeavors to contribute significantly to the achievement of the SDGs on both regional and global scales.

MACRO BACKGROUND

45 participants from 8 countries

7 coaches (Design thinking experts)

5 ventures ideated

4 days , the duration of the design thinking sprints

ABOUT IMPACT TANK

- We are Namibia's first social impact venture builder, founded in 2020.
- Our projects focus on 3 thematic areas: Emerging Technology, Blue & Green economy and Indigenous knowledge.
- We aim to impact the lives of thousands of Namibians and inspire further action by the market.
